

and get the GOLD:

Promote quality and excellence in your Early Learning Program:

- Nothing is more important to FACCM and our members than providing quality care and education opportunities to Florida's children.
- The Gold Seal Quality Care program, established by the Florida Legislature, recognizes the standards that indicate the highest levels of quality. Earning this accreditation is a reflection of excellence and acknowledgment of the small business owner's investment in quality.
- As a membership benefit, FACCM offers APPLE (Accredited Professional Preschool Learning Environment), a national accreditation for early learning programs, which is accepted by the State of Florida and approved for the Gold Seal Quality Care program.
- Gold Seal early child care and education centers enjoy enhanced confidence among parents, ensuring that their children are in a quality program where growth and development is core to their mission.

About FACCM

The Florida Association for Child Care Management (FACCM) is the premier membership association in Florida that works on local and state levels to support the owners of private early childhood care and education centers through advocacy, business management support and teacher education training. We are committed to fulfilling our mission to be the leader in building and protecting a vibrant professional child care industry. Moreover, we recognize and support the vital role our members play as small business owners in communities across the state.

Top 10 Reasons to Join FACCM

10. Advocacy:

The Florida Association for Child Care Management (FACCM) uses our combined strength, influence and lobbying team with more than 15 years of experience to fight for the priorities of our professional child care members.

9. Information:

FACCM members have access to real-time information and updates about the legislative proposals and developments that will impact your child care business. Quarterly newsletters provide a comprehensive roundup of important news and information.

8. Influence:

As a member, you are joining 1,000 voices that can influence policy. FACCM values its members' input and feedback, incorporating their voice into FACCM's annual legislative agenda to ensure we are meeting members' needs.

7. Business Support:

FACCM's dynamic workshops and webinars covering business management help child care businesses grow to their maximum potential.

6. Quality:

As a benefit of membership, FACCM offers APPLE (Accredited Professional Preschool Learning Environment), a national accreditation for early learning programs designed to increase professionalism and quality in child care centers. APPLE is accepted by the State of Florida and approved for the Gold Seal Quality Care program.

5. Access:

FACCM's extensive library of in-person and online training sessions ensures child care professionals have convenient access to the training they need to maintain and meet best practices and standards in the field.

4. Teacher development:

FACCM helps teachers develop skills and effectiveness in the classroom through SEEDS (Supporting Early Education Develops Success), as well as our annual conference.

3. Credentials:

All FACCM sponsored training is eligible for Continuing Education Units (CEU), including Child Development Associate (CDA/E) credential and credential renewal or Florida Child Care Professional Credential (FCCPC).

2. Value:

FACCM's affordable annual membership provides members with benefits including business and teacher training and workshops; a quarterly newsletter; vendor discounts; a free listing on our website to promote your center; and networking opportunities including regional receptions.

1. Results:

FACCM is focused on providing our valued members with the tools and resources to take their child care businesses to the next level. We recognize the vital contribution our members make as small business owners and early childhood educators in their communities. Together, we can advocate for the changes needed to build and protect a vibrant, professional industry for child care educators and businesses in their communities.
